EELU 

Graduated from Faculty of computers and information Assiut University

### SKILLS

#### front-end skills

- HTML
- CSS
- Responsive design
- Bootstrap
- Tailwind CSS
- JavaScript (cruds)
- GitHub

### PROFESSIONAL EXPERIENCE

I trained at Ejada Company from July 1st to August 5th at Track Front-end Development.

In the first years of college, I worked on web projects, frond by html & css and java script and back end by php and machine learning projects, and I am currently studying in the graduation project.

I worked on external projects that I obtained from the Devest event, from the Front ebd Monitor website.

I did many assignments from other courses like MSP Tech alazhar
